PROMO5341

Demo flightcase for VIRO C series

Product information:

Are you looking for a practical and professional solution to transport your VIRO-C demonstration setup safely and efficiently? The PROMO5341 demo flightcase has been designed specifically to keep the different VIRO-C models and demonstration accessories securely organized and protected during transport.
The flightcase comes equipped with black and white speaker mounting panels together with the corresponding cable connection sets, allowing the VIRO-C loudspeakers to be prepared for a clean and professional demonstration setup. Please note that the VIRO-C loudspeakers, ARCHI subwoofer and pole mounts are not included with the flightcase and must be ordered separately to complete the demonstration setup.
